# ANNOUNCING OPI INFORMATION REPORTING SYSTEMS WEB PAGE

OPI is pleased to announce the creation of a web page for users in the field that provide information for OPI collections or reports where they can go to without having to go to a specific program web page. We have collected links to all online reporting programs on one page and have provided a link to that page on the main OPI web page.

In the left hand navigation pane, look for the gray button titled OPI Information Reporting Systems.

You will be taken this web page:

All of the collection and reporting collections are listed on this page in alphabetical order. You can click on the column titles System Name or Link to Webpage of Responsible Division to reverse order the listings.

We will be refining the links in the Link to Webpage of Responsible Division to take users to the exact page(s) if the user needs assistance.
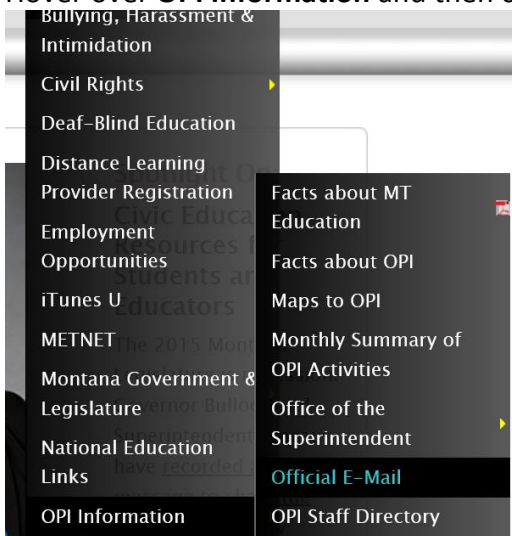

ATTENTION

All Bulk OPI Emails Sent From OPI Bulk Email System Are Now Being Archived on OPI Website For Easy Access, Effective January 1, 2015
